Hello~

I'll need an email approval from you, Sunshine, for documentation for the application fee waiver. Brooke's application will remain unprocessed until I receive that. The other programs often approve those waivers (and tuition deposit waivers) for financial reasons - some programs more than others.

Otherwise, Luis and I got an answer regarding the transcript costs - a resounding no from the other AD's in our Graduate Admissions meeting this afternoon.

Thank you,

~Shalimar

Hi Shalimar and Sunshine,

I hope you're doing well! I wanted to let you know that Brooke Beard, a prospective applicant for this coming cohort, has requested an application fee waiver and help with paying the cost for an Evergreen transcript for her application. I anticipate that the application fee waiver would not be a problem if we get approval from Sunshine, but I'm wondering about covering the cost of her Evergreen transcript. I haven't received such a request from anyone else, but she has specifically written to me with that request as well as an application fee waiver. Would that be a possibility?

Thank you!

Best,

Subject: Questions about MIT

Greetings!

I'm organizing my application materials and have a few questions.

1. It looks like summer 2023 application is no longer on the website? Because of my work schedule, I would only be able to start classes in summer and not spring. Is it possible for me to apply to this cohort?
2. I do not currently have the funds to request an official transcript from evergreen, to pay the application fee, or to attempt the required testing. What are my options here?

I think that's it for now.

Thank you!

Brooke
