

## Letter of Recommendation

December 28, 2024

Dear Members of the Admissions Committee,

I am honored to write this letter of recommendation for Dominic Renberger who has been an outstanding student of mine in the Youth Aerospace program. I have had the pleasure of working closely with Dominic over the past five years, and I am confident that he will bring the same level of enthusiasm, intellect, and commitment to studies in the environmental studies program at your institution.

Throughout his time in the Youth Aerospace program, Dominic consistently demonstrated exceptional problem solving skills, a curiosity on how systems work, and an interest in addressing environmental challenges. He approached every project with a thoughtful and intellectual mindset and regularly sought ways to incorporate sustainable practices and ecological considerations into Aerospace projects. His combination of skills and passion makes him an excellent candidate for a program focused on environmental science. One of Dominic's most notable qualities is his ability to grasp complex concepts quickly, whether it was understanding the mechanism of flight or learning about the environmental impacts of aerospace technologies. He consistently demonstrated a willingness to apply theoretical knowledge to practical and real world challenges often finding innovative ways to address environmental issues in the context of engineering. Dominic has always been an active participant in group discussion and projects displaying leadership and collaboration skills that I know will serve him well in the nature of environmental science.

I have no doubt that Dominic will thrive in the environmental science program at Evergreen State College. He possesses the intellectual curiosity, work ethic, and passion necessary to succeed in the field and contribute meaningfully to the academic community. With that I wholeheartedly recommend him without reservation.

Please feel free to contact me if you need any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rodney Sisk', with a stylized, overlapping loop structure.
