
FW: Angela Hanners Graduate Application: Fall Quarter

From Azar, Averì <Averi.A.Azar@evergreen.edu>

Date Mon 5/5/2025 12:16 PM

To Graduate Admissions <graduateadmissions@evergreen.edu>

Hi Shalimar,

Here is Carri's approval of the 12 credits from Angela Merrill Hanner's graduate certificate coursework towards her MES degree if she is admitted 😊.

Best wishes,
-Averi

12 credits looks good – 3 of the 3-credit courses overlap really well with our electives! -Carri

Good morning, Carri,

I hope you had a great weekend!

I am reaching out with a graduate certificate review request for transfer credits into MES from a prospective student, Angela Hanners. She has also inquired about whether she can receive a waiver of the requirement to have at least 1 faculty recommender? She graduated within 5 years of her intended start term with MES but attended classes during peak COVID and didn't develop good relationships with her faculty? What are your thoughts?

Best wishes,

-Averi

Hi Averi,

I graduated with my bachelors in September 2021 from Western Washington University - Poulsbo Satellite Campus (during peak COVID - all online classes). I don't have any contact with any of my previous professors at WWU and was not close with any of them. Is there any way I can use employers or some other method to meet that requirement?

Attached is a copy of my unofficial graduate certificate transcript from OSU, I graduated in December 2024. I look forward to the review and outcome.

Please let me know if you have any questions and I look forward to hearing from you soon!

Best,

Angela L. Hanners

Hello Angela,

Thank you for reaching out with your questions! It is great to hear from you again and I hope you have been well :).

To your first question, your recommenders are great options for this application. We only have the minimum requirement if you graduated with your bachelor's degree within 5 years of starting the program so this would be September 2020 for admissions to Fall 2025.

We can accept up to 12 quarter or 9 semester graduate transfer credits from another institution so for your certification, and I would recommend submitting your transcript for review by our director for a final determination for the credits we can transfer to our program :). You can send me a copy of your unofficial transcript, and I will deliver it to her for review.

Please let me know if you have any questions!

Best wishes,
Averi

Hi Averi,

We have talked a few times over the years, and I think I am FINALLY ready to finish pursuing my Masters and would like to do so at Evergreen. I have filled out a decent amount of my application for Fall Quarter but have two questions so far:

1. There is a requirement that one letter of reference be from a professor. All of my schooling has been distance-based online learning (WWU during Covid and E-Campus for OSU). I have not built any close relationships with my professors and do not feel comfortable asking them for a letter of reference, as I doubt any would remember me. I do, however, have many professional references I could tap into, I have been a Government employee for over 5 years and currently work for WSDOT as an Environmental Project Manager.

2. I have obtained my Masters Certification in Fisheries Management from OSU, I graduated in December 2024. How do I transfer those credits over/provide that information in my application? I have 22 graduate level credits I would be coming to Evergreen with.

I think that is all I have for now. Thank you!

Best,

Angela L. Hanners
