

To Whom it May Concern,

April 5, 2024

My name is Geranda Seiler and I am writing to you on behalf of Ryan Franz. I have had the wonderful opportunity over the past 8 years watching Ryan conquer every goal he has had. He does not take shortcuts on anything. When he wants something, such as his Masters Degree, I have no doubt that Evergreen will be just as impressed with Ryan as I am.

Now lets get to the heart of who Ryan is in his heart. A true son, friend and mentor. I have yet to see someone who could surpass Ryan and his ability to help those who need a hand up. Everyday I wake up to see numerous positive posts on his social media. I need that more than he realizes.

My favorite thing about Ryan, he sends me messages encouraging me "Hey, Mama G, how ya doin?" I am a mother and grandmother. Ryan is like a son to me. Everyday I grow more and more proud of his perseverance, consistency and love for his family, friends and community.

Please welcome Ryan into your family. He will be a welcomed addition.

Sincerely,
Geranda Seiler
