To Whom It May Concern,

It is my most sincere pleasure to provide a reference for Mariana Cervantes as she embarks on a journey to her expand her knowledge, skills, passion, and impact as a graduate student in Environmental Science.

It was our good fortune to have Mariana as an outdoor educator supporting Lincoln Hills Cares' outdoor/environmental education and equity programs during the summer of 2022. Mariana's job responsibilities included developing, implementing, and delivering outdoor education and recreation programs and special events. During that time, I came to know a hardworking, enthusiastic, intelligent person who exhibited strong leadership qualities.

Mariana played a crucial role in helping us successfully deliver experiential outdoor education programs to over 1000 youth and families in 2022. Mariana exhibited an incredible work ethic; she was willing to step in when called upon and displayed great leadership and initiative.

Mariana's proven passion and responsible and dependable nature, coupled with her ability to meet expectations and deadlines and obtain results makes her a perfect candidate for this program. She has the ability to communicate effectively while working with others and respecting their opinions, abilities and contributions. She dependably displayed the values of service, teamwork, accountability, and respect.

Mariana's passion for environmental science and credentials speaks for themselves. I offer testimony to her drive and ambition to achieve, as well as her character and integrity. It is without question that she will prove to be successful in her graduate studies and beyond.

Kind regards,

Tim Flynn
