(360) 628-6800   stonespiral@gmail.com   PO Box 2642 Olympia WA 98507

## Profile

I am a very capable, curious and adept problem solver with 30 years of experience as an amateur naturalist, artist, and performing musician. I am passionate about the interplay between human culture and the environment. I value communication, have great public speaking and writing skills, and thrive in collaborative and creative work environments.

## Experience

### **CASCADIAN YULE, CO-FOUNDER AND CREATIVE DIRECTOR — 2005-PRESENT**

Planned a benefit festival with 20+ bands each year and hundreds of attendees. Handled all aspects of event curation. Managed a team of over 20 volunteers and acted as liaison with venues and vendors. Managed public relations and social media, communicated with artists from all over the country. Worked with artists on scenery, decorations and promotional artwork.

### **INDEPENDENT MUSICIAN — 2006-PRESENT**

Project manager for 2 European tours and countless US tours. Producer, recording and mixing engineer on many albums. Thousands of hours of time on stage and on record. Maintained and tended a network of associates and collaborators across the globe.

### **CRYPTATROPA - OLYMPIA, WA. BOOKING AGENT, PROMOTER, SOUND ENGINEER — 2016-2019**

Communicated with tour bookers and artists. Maintained community around live music. Managed social media and event promotion. Built and maintained a professional quality audio system. Worked as an audio engineer. Dealt directly with musicians, promoters, and fans from all over the world.

### **CRYPTATROPA - OLYMPIA, WA. BARTENDER — 2012-2016**

Worked as part of an informal collective of employees. Honed my public relations and de-escalation skills. Wrangled an unruly public and successfully negotiated stressful situations. Held space for people in good times and bad.

## Education

The Evergreen State College, Olympia Washington — Bachelor of Arts, 2006

## Skills

14 years of land management experience. Experience with daily farm chores as well as larger structural planning and agricultural research, as well as working with environmental assessments, budgeting and project managing, website design.
