**The Evergreen State College  
Graduate Admissions Office**

Dear Graduate Admissions Committee:

**Lilith Piri** has asked me to write a letter regarding her application for admission into the **MES** program. I am most pleased to do so.

I have known Lilith only briefly: she was my student in my intensive summer program: *Statistics and Research Methods for Psychology and other Social Sciences* this year. Though I interacted with her in this one class, I can report that I was pleased and impressed by her.

Lilith was a hard worker in all academic settings. It is no easy feat to keep up with the work and succeed in any statistics class. In my summer class, an entire semester's worth of statistics is compressed into just 5 weeks of study! Students must attend 8-hour days, twice a week, of online synchronous learning. This is truly full-time work with extensive exams almost every weekend. Lilith kept up and performed admirably. I believe Lilith's work reflects her maturity and seriousness about her education and provides evidence both of her ability to do the hard work and her dedication to her studies.

In summary, I believe that Lilith is deserving of admission to the MES program at Evergreen. She shines as a student. I am certain that she will succeed in her chosen path. I recommend her wholeheartedly.

Respectfully,
