Munich, December 10, 2023

To Whom It May Concern,

It is my pleasure to highly recommend Mr. Lucas Bierhaus for admission to the Master of Environmental Studies at Evergreen State College.

I am a senior project manager and sustainability expert at Prognos AG, one of Europe's oldest and most renowned economic research companies, which conducts studies for private and particularly public entities, such as the European Commission, the German Federal Government, and German state governments.

I came to know Mr. Bierhaus when he joined Prognos in December 2022 and was assigned to several projects focused on the analysis of environmental economics issues. Mr. Bierhaus stood out due to his exceptional eye for detail and accuracy when interpreting data and statistics and his ability to do so while juggling all his other duties. As a valuable member of the team, he was able to adapt to constant changes and learn new processes quickly. Furthermore, he showed great commitment when project deadlines had to be met or when he was asked to help with a project at the last minute.

His technical and scientific skills were also precious assets on every project team where most employees had backgrounds in economics, sustainability, politics and policy. Moreover, Mr. Bierhaus demonstrated his analytical and problem-solving abilities in projects where unknown issues had to be resolved and when new concepts had to be developed.

His capabilities have always been paired with an enthusiasm that has enhanced the day-to-day work environment at Prognos. This positive energy and high level of professionalism is why I

enjoyed working closely with Mr. Bierhaus and appreciated our discussions about environmental and sustainability issues.

I am confident that Mr. Bierhaus will be successful in the master's program and will be an excellent addition to the university community.

If you need more information, please do not hesitate to contact me. I am at your disposal to share more about my experience supervising and working with Mr. Bierhaus during his time at Prognos AG.

Sincerely,

Jannis Lambert
