RE: Cami De Silva reference for Master of Environmental Studies program

Attention Averi Azar:

Please consider my recommendation of **Cami De Silva** to Evergreen's Master of Environmental Studies program.

I had the privilege of working with Cami while she was employed with the Washington Department of Fish and Wildlife (WDFW). I found Cami to be totally reliable in all situations and in possession of a solid work ethic.

Cami exhibited a strong attention to detail and was an outstanding and valuable team member. She has a strong passion for the environment, and she professionally and purposefully interacted with the public and co-workers.

Cami would often go out of her way to show care and compassion for those around her. It has been my pleasure getting to know and work with Cami and I hope that I will get to work with her again in the future.

Cami would be a strong and positive addition to your Master's program. Thank you for your consideration. Please do not hesitate to contact me should you have any questions.
