Selection Committee Members  
Master of Environmental Studies Program  
Evergreen State College  
Olympia, WA 98505

Dear Members of the Selection Committee:

I am pleased to write a letter of recommendation for Laureen Dulo, who is applying for admission to the Master of Environmental Studies program at Evergreen State College. I have known Laureen as her academic advisor and professor since her admission to Cottey College in 2019. Laureen graduated from Cottey College with a baccalaureate degree in International Relations and Environmental Studies in 2022. In my interactions with Laureen, I have been impressed by her intellectual faculty, perseverance, and leadership skills, and confidently recommend her for admission to the above program.

Laureen has taken six courses with me, including Public Policy, International Relations, Quantitative Research Methods, and three upper division seminars. Additionally, Laureen completed her capstone research project under my supervision. Laureen's work in my courses demonstrated her ability to efficiently assimilate and apply academic material. She is also a quick learner and can easily grasp complex material. Laureen's academic performance is also remarkably consistent. As demonstrated in her undergraduate transcripts, she performed well in all my courses. Moreover, Laureen's perseverance and ability to stay focused in the face of adversities is admirable. Laureen continued to steadily progress toward her degree despite being under tremendous financial stress during the pandemic. This speaks highly of her ability to adapt to difficult situations, and effectively handle crises, without losing sight of her long-term personal and professional goals.

In addition to being a good student, Laureen was engaged in several extra-curricular activities during her time at Cottey College. She completed two internships, served as the Resident Assistant for one of the dormitories, and actively worked with multiple student groups advocating for international students on campus.

To conclude, I would like to restate my recommendation for Laureen Dulo. Please contact me if I can address any other questions or concerns. Thank you for your consideration.

Sincerely,

*Oindrila Roy*  
Oindrila Roy, Ph.D.
