Dear Evergreen State College Admission Team,

I am writing this letter to recommend Jonathan Hammann for the Environmental Science Program at Evergreen State College. I had the honor of working alongside Jonathan at 1st Special Forces Group (Airborne) for three years from 2019 – 2022. While there, I observed Jonathan's everyday passion for his subordinates and determination to carry out his tasks. Jonathan was a supervisor in a Military Intelligence Detachment and was responsible for the welfare, training, and safety of 5 subordinates.

Jonathan's ability to form and maintain a cohesive team is unmatched. He uses his expert social and talent management skills to ensure the personnel he works with are taken care of and aligned to a suitable task. Additionally, his infectious positive attitude served as a unifier for the team and brought everyone together in a collaborative environment. He is well known for being open to different points of view and being a great listener. He uses these qualities to ensure everyone can participate in team processes.

I am confident Jonathan will be successful in your Environmental Science program and is prepared to conquer any challenges that he will face. He successfully led his section through the unprecedented time of COVID-19 with impressive personnel management. He prepared four different subordinates for deployments to three different countries in Southeast Asia and the Middle East. He was able to do all of this with a resilient and flexible mindset. For that reason, I believe Jonathan is a great fit for your program and will be successful.

Sincerely,

Deon Sanders
