To whom it may concern,

I am writing to give my recommendation of Alannah Mitchell to your masters of environmental studies program. I have personally worked in a supervisory role with Alannah for a period of two years in the past at IEH Laboratories and Consulting Group in Vancouver Washington, and have seen just how committed and dedicated she is to doing her best work. Every one of her responsibilities was taken care of promptly and effectively on a daily basis with an acute attention to detail, easily making adjustments when there was an alteration of procedure. I think Alannah would make a great addition to your program and have nothing but good experiences working with her in the past. Please let me know if there is anything else I can provide you with.

Sincerely

Tanner Draper
