Education

Graduated Fall 2023

Cum. GPA: 3.35

Bachelor of Science: Ecology and Conservation Biology

Minor: Wildlife Resources

University of Idaho | Moscow, ID

Graduated June 2021

Associate of Arts

Clark College | Vancouver, WA

Transferred June 2020

Environmental Science

Grand Canyon University | Phoenix, AZ

Work History

May 2024-Current **Rangeland Technician**

Bureau of Land Management, Kremmling Field Office | Kremmling, CO

- Inventoried a diverse range of plant and animal species using a range of techniques
- Navigated difficult terrain in extreme conditions with equipment
- Created maps and datasets for the BLM range program
- Inventoried the ETF burn scar to analyze existing and previous vegetation types
- Independently completed compliance checks for cattle grazing on BLM land
- Volunteered time for highway cleanup, restoration projects, plant surveys, and weed pulling
- Trained and experienced with 4x4 vehicles, OHVs, and hauling trailers
- 40 hours a week, full-time (Seasonal position)

Dec. 2023-Jan. 2024 **Marine Shrimp Aquaculture Technician**

Aquaculture Research Institute, University of Idaho | Moscow, ID

- Independently performed maintenance of recirculating systems, feedings, tank cleaning, and other fundamental laboratory tasks
- Grew and supplied marine shrimp with artemia daily
- Maintained water quality conditions conducive to ideal shrimp growth and development
- Completed shrimp sampling for diet studies

- 40 hours a week, full-time

Oct. 2023-Dec. 2023 Burbot Aquaculture Technician

Aquaculture Research Institute, University of Idaho | Moscow, ID

- Cared for burbot in different life stages (eggs, juveniles, and adults)
- Independently maintained lab systems/equipment, biofilters, filter pads, Na₂S₂O₃ barrels, basic calculations, automatic fish feeders, etc.
- Observed proper biohazard protocols when removing morts and before touching different systems
- 10 hours a week, part-time

Aug. 2023-Dec. 2023 Resident Assistant

Housing and Residence Life, University of Idaho | Moscow, ID

- Provided assistance and information for 34 residents
- Duties included ensuring student safety, enforcing campus rules and regulations, event planning/execution, and weekly one-on-one meetings with the resident director
- 20-25 hours a week, part-time

Aug. 2022- Dec. 2023 CNR Ambassador

College of Natural Resources, University of Idaho | Moscow, ID

- Provided tours and information to students and potential students for the College of Natural Resources
- Tabled at events, set up/take down
- Acted as a leader and good example by upholding the values of the university and CNR
- 0-5 hours a week, part-time

May. 2023-Aug 2023 Aquaculture Intern

Aquaculture Research Institute, University of Idaho | Moscow, ID

- Engaged in a variety of fish husbandry and research-related tasks towards rainbow trout
- Performed maintenance of recirculating freshwater aquaculture systems, aided in data collection for ongoing research projects, fish feeding, tank/sump cleaning, and other misc. wet laboratory tasks
- Assisted in caring for marine shrimp throughout the research period and aided in organ removal after the study was over
- 38-40 hours a week, full-time

Aug. 2022- May 2023 Senior Resident Assistant

Housing and Residence Life, University of Idaho | Moscow, ID

- Provided technical assistance and leadership to 14 student staff members and 1 resident director
- Managed a resident hall of 12 students
- Duties included ensuring student safety, enforcing campus rules and regulations, event planning/execution, weekly one-on-one meetings with staff, and filling in for RA duties when needed
- 25-30 hours a week, part-time

May 2022- Aug. 2022 **U.S. Fish and Wildlife Intern**

Ecological Services, U.S. Fish and Wildlife Service | Boise, ID

- Collected and analyzed field data while upholding the values of the Fish and Wildlife Agency
- Worked closely with Idaho Fish and Game, Intermountain Bird Observatory, Bureau of Land Management, Forest Service, and several wildlife refuges
- Learned new skills such as snorkeling, hummingbird banding, snail surveys, fish trapping, and field safety procedures
- 38-45 hours a week, full-time

Skills

- **Public Outreach** | Blog/social media posts on USFWS sites for U.S. Fish and Wildlife internship (Summer intern series)
- **Aquatic Fieldwork** | Snorkeling, snail/limpet surveys, fish trapping, gill net making, hatchery duties, and piloting canoes/kayaks/rafts
- **Wildlife Refuge Work** | Habitat restoration, bird banding, fixing buoys, graffiti cleanup, fence fixing, etc.
- **Wet Lab Skills** | Trout/shrimp organ removal sampling, satiation feeding, maintenance/repair of lab equipment
- **Public Speaking** | Presented at IACURH RLC Conference Nov. 2023
- **Technologies** | ArcPro, GIS online, RAS, R, VMAP
- **Certifications** | HAZMAT, Trailer (under 10,000 lbs), CPR, GIS (in progress)

Awards

- Excellence in Service Award, University of Idaho Housing and Residence Life | 2023
- Of The Month Award, University of Idaho | 2022 & 2023
- Phi Theta Kappa, International College Honor Society, membership | 2019
