RE: Hallie Morris

Dear Graduate Admissions Committee,

I would like to highly recommend Hallie Morris for the Evergreen State College Master's in Environmental Science program.

Hallie received a competitive internship position at the Aquaculture Research Institute. During her internship, Hallie demonstrated that she was an exceptionally reliable employee. She had great attendance at the lab. When she needed time away from the internship, she requested it well in advance. Hallie proved to be a rapid learner and soon became very competent in both the Cold Water and Marine Shrimp facilities.

Hallie was a very conscientious as well as curious student. She frequently posed very good questions regarding animal management practices. She also made suggestions on ways to make procedure more efficient.

In conclusion, if the lab needed an employee, Hallie would be the first person I would contact.

Respectfully,

Scott Williams  
Aquaculture Research Facilities Manager  
University of Idaho
