To whom it may concern:

It is my honor and pleasure to write this letter of recommendation for Elizabeth Parker. I have worked alongside Elizabeth as an upper elementary math teacher for two years at The Vanguard School.

As an instructional coach, I have been able to watch Elizabeth grow and develop as a 4-6 math teacher. Elizabeth's dedication to her students is evident in her planning, instruction, and thorough verbal and written communication with students, parents, and staff. Elizabeth consistently strives to be well versed in the content area in which she teaches or supports. Her strong work ethic and attention to detail will support her course work. Elizabeth is incredibly coachable, open to constructive criticism, and is a lifelong learner.

I highly recommend Elizabeth as a strong candidate for your program. She has the desire to learn and explore more in the field of Environmental Sciences.
