AVE MARIA
UNIVERSITY™

Dear Admissions Committee,

I am happy to recommend Elizabeth Parker to your Master's in Environmental Science program. Elizabeth was in my Molecular Biology class in the Spring semester of 2022. Elizabeth did well in the class getting a B+. In the lab she worked well with her fellow students, keeping her group on task, and on time. She demonstrated a facility for communication and teaching. Since graduating she has been teaching math to elementary school students at the Vanguard school. She should have no problem with the academic work of your Master's program, and I expect she will put her education and expertise to good use in the service of the public. Please email me at Stephen.cronin@avemaria.edu if I can answer any other questions you have about Elizabeth's work.

Sincerely,

Stephen Cronin
Associate Professor of Biology
