## REGISTRAR'S OFFICE

RP (SP through Summer 2002) Non-punitive mark authorized only in courses requiring research or additional work beyond one quarter. Requires completion and change of grade within one year with the exception of graduate thesis or project, which requires change of grade within two years.

Any course with a "EXCL", "APET", "PETN" in the column labeled REI has been excluded from the GPA calculation because:

- the course is not baccalaureate credit
- the course has been repeated
- an undergraduate student has completed graduate work
- a graduate student has completed lower division work
- it has been excluded due to petition

Credits of any course with an "ADUP" or "DUPL" have been removed from units earned; grades from these courses are included in the calculation of the grade point average.

Residence credit is granted for students enrolled in the International Program of the California State University System and the National Student Exchange Program. RP Grades (SP through summer of 2002) were recorded as a placeholder for coursework taken through summer of 2003. Beginning fall 2003, the actual coursework is reflected once the grades have been received.

### History of Incomplete Grading Symbols:

1967-1968 and prior	—	"E" Mark included in units attempted, one year time limit for grade change.
1968-1970	—	"E" Mark not included in GPA. One quarter time limit for grade change.
1970-1971	—	"E" Mark included in units attempted after one quarter time limit.
1971-1973	—	"E" Mark included in units attempted after two quarters maximum time limit.
1973-Summer 2003	—	"E" Mark changed to "I" mark, units included in GPA after one year.
Fall 2002-present	—	"I" mark changed to "IC" mark; units included in GPA after one year.
