## Education

### **Brigham Young University-Idaho — Bachelor of *Professional Studies with Biology Minor***

Sep 2022 - Present

Excellent math skills, shown in Differential Equations (MATH 316). Precision in directions and teamwork exemplified in Biology and Chemistry labs. Strong analytical writing background as shown in writing (ENG 301) and Evolution (BIO 475) classes. GPA of 3.49.

## Experience

### **BYU-I Student Employment, Study Center — *Math Tutor/ Supervisor***

Sep 2022 - PRESENT

Two years of guiding students in 1-on-1 sessions and in walk-in labs for Math for the Real World through Calculus II.

Was mindful of each student's math skill level while guiding them to deeply understand their course materials so that they could perform the required skills independently.

## Volunteer Leadership Position

### **BYU-I Interfaith Leadership Academic Society — *activities coordinator***

April 2024 - Dec 2024

Worked with other officers to plan and initiate interfaith leadership effort among BYU-I students towards their outer community. Collaborated with neighboring religious societies to educate university students and strengthen ties in the southeast Idaho area.

## Missionary Service

### **North Carolina Charlotte Mission — *voluntary church service***

Jan 2021 - June 2022

Interpersonal skills to work with local church members, daily leadership and personal character training, and explaining abstract concepts (in Spanish) with new people daily.

## **SKILLS**

Leadership, cooperation, and strong work ethic gained from dedication to missionary service, diligence in difficult school courses, and collaboration with others as a tutor supervisor and interfaith society officer.

## **LANGUAGES**

Fluent in Spanish from 3 years academically studying and 1 year immersion as a missionary.
