STERLING COLLEGE TRANSCRIPT INFORMATION

n.b. Transcripts for students enrolled prior to spring 2015 were archived from Sterling's previous data system. The date that appears in the upper right-hand corner of the transcript is the archive date. The date in the Registrar's seal is the date of issue.

Sterling College is accredited with the New England Commission of Higher Education.

Sterling College credits are awarded on a semester hour basis.

15 hours instructional contact = 1 credit

Some labs and field courses require additional hours.

Courses marked (ST) are Special Topics courses. **Special topics courses** include **courses** that address a current or timely **topic**, that are in a "pilot" phase before being offered on an ongoing basis, or that are known to be one time offerings. **Special topics course** offerings can vary from term to term.

Beginning in the fall of 1999, Sterling College became a member of the Work Colleges Consortium. All resident students at Sterling College, are required each semester to be a part of our Work Crew Program. A student's last semester on campus must show an "S" for satisfactory completion of the program and to satisfy degree requirements.

Sterling College uses a weighted grade point average system (quality point average) calculated according to the following formula:

Quality point average = Total quality points / number of credits attempted

Quality points are determined by multiplying the numerical grade values

Listed below by the number of credits attempted in each course where a

Grade was earned.

A = 4.0, A- = 3.75, B+ = 3.25, B or P = 3.0, Beginning Fall 2008-"P" is not weighted, B- = 2.75, C+ = 2.25, C = 2.0, C- = 1.75, D+ = 1.25, D = 1.0, D- = .75, F or I = 0

Because a P = 3.0, a student enrolled in a pass / fail course will not be able to attain a 4.0 average. Beginning in the Fall semester of 2008, a "P" is no longer weighted and will not affect GPA.
