# Kolby Hockett

360-388-1989 · kolbyhockett@yahoo.com

**Work Experience:**

- Toledo/Winlock IT and Comp-Prime Computers employee – 1 Year
  Worked as an apprentice under the IT for Toledo and Winlock school districts during Covid-19. Worked with a lot of student chrome books (fixing screens, keyboards, zoom issues, etc.) Fixed wiring issues in server rooms, troubleshooted tech issues for staff and students at both school districts. Later worked part time in the main office in Centralia fixing desktops and taking support calls for clients, occasionally working on site with customers.
- Boston Harbor Elementary School Paraeducator – 1 Year
  Worked as a paraeducator in the Olympia school district. Tasks completed include: assisting with student teaching, grading homework, working in a school office, assisted running school events, lunch and recess supervisor, bus loading, and any other tasks requested by teachers.

**Education:**

- 2017 - AA Computer Science, Centralia College
  Graduated from Toledo High and received an AA in Computer Science at Centralia College.
- 2020 - DTC, Washington State University
  Major in Digital Technology and Culture. Further studied 3D modeling and animation for character design, modeling, texturing and rigging.

**Clubs:**

- E-sports publicist and tournament organizer at Centralia College – Created flyers, and ran tournaments, the largest reaching about 60 people.
- Vice president and head of event organization of an E-sports club at Washington State University – Gained experience in, tracking of club funds, handling social media accounts, heading tournaments/events of 100+ registered participants, including setup, running, and tear down for said events.

**Skills:**

- Taken apart and assembled many computers
- Enjoys working with people
- Customer service skills
- Good at teaching/simplifying
- Experience with wiring
- Well organized
- Learns quickly
