To Whom It May Concern:

It is my pleasure to recommend Kolby Hockett for a position in the Education field. Mr. Hockett has volunteer many time over the years in my elementary classrooms. He comes from a family of teachers and has a natural, positive personality that makes him an asset to any school's educational team.

I became familiar with Kolby's abilities to be a positive support in education over 10 years ago. Even as a high school student, teachers and technology support staff requested Kolby's assistance with repairing computers and helping teachers with their students within my school district. His natural talents with students and computers lead him to pursue a college degree in Digital Computer Technology with a minor in Psychology. Kolby has continued to work in the field of education as a Technology Team Support at the Toledo and Winlock School Districts. He worked on updating and repairing computers; as well as, training staff members to use the technology. He recently worked as a para professional at Boston Harbor Elementary, which inspired him to continue his education to become a teacher.

I have found Kolby Hockett to be enthusiastic, respectful, and quick to learn. He is an asset with his experience and skills in both working with students and technology. Sincerely yours,

Ms. Mickelsen
