Graduate Admissions

To whom it may concern,

It is my pleasure to recommend Alyssa Klene for admission into the Masters of Teaching Program. I have known Alyssa for over 15 years as a family friend and community member. During that time, I watched Alyssa grow into an outstanding individual who excels in both their academic and personal pursuits.

Alyssa's academic work is particularly impressive. She holds herself at a high level and works to both learn and integrate knowledge. I know her to be extremely disciplined and focused. She has a strong sense of meaning and drive to be a part of something bigger than herself. Alyssa will make a mark on the individuals she serves.

Alyssa's academic accomplishments are only rivaled by her personal strengths. Her dedication to purpose and integrity are beyond her years and she is well-loved by their colleagues and teachers. When given a goal she meets the mark with clarity, passion and drive.

I highly recommend you accept Alyssa Klene for the Masters in Teaching Program. I am confident she will make an excellent addition to the student body.

Respectfully,
