The master's in teaching Program
Evergreen

Dear

The master's in teaching Program:

I am pleased to write a letter of recommendation for Bret Manzel. I highly recommend Bret Manzel.

I have known Bret Mazel for the past two years She is a friendly, helpful person; she is always willing to help me in everything that is needed in preschool education. I can notice in her the vocation of teaching children but above all I can see that she is a responsible person, loyal to detail, she loves teaching and likes to interact day by day with children and their families.

Bret Mazel has the necessary qualities to be a future educator, she is patient, organized, likes to work in a team, builds relationships, listens, speaks clearly, writes reports, gives instructions, has good critical thinking.

If you would like additional information about Bret Manzel, you can telephone me at telephone number 610-5925870

Sincerely,

Merlín Perez de Melara
