To whom it may concern,

It is my pleasure to write this reference letter in support of Nick Nunley. Nick is applying for the Master of Teaching program at your highly regarded university. I have known Nick for several years as a friend, neighbor, and community member. I have had the pleasure of observing Nick in a variety of situations and settings working with and interacting with children. As a teacher myself, Nick has always impressed me with his ability to communicate with and relate with children. His desire to help others and talent with task analysis has always stood out to me. I fully trust him with my own children and know that he will make a fantastic teacher who will change lives.

Nick discusses with great enthusiasm his educational goals and desires to pursue teaching.

I have greatly admire Nick and his ability to work well with children. My children love being with Nick because they feel safe, respected, and heard when with Nick. I believe that Nick will be a great benefit to the field of education as well as a benefit to your University. If you have any questions about my recommendation, please contact me and I would be happy to answer any and all questions.

Warmly,

Teri Holtcamp
