July 28th, 2022

To Whom it may concern,

It is with great pleasure that I recommend Kyla Potter for the Masters in Teaching program. I am a special education teacher in the Olympia School District and have worked with Kyla in a variety of roles since 2018.

As a parent volunteer at the elementary school, Kyla helped teachers with various tasks; photocopying and organizing worksheets, assisting small groups during art and reading, decorating halls and supervising groups during field trips. Kyla has also led larger groups of 20-35 students during whole school activity days where she taught students K-5th how to tie-dye shirts.

During the 2021-2022 school year, Kyla started working in the Olympia School District as a paraeducator and teacher substitute. She arrived each day ready to help with whatever role was needed. Kyla was a guest teacher in split grade level classrooms and was able to meet the social/emotional needs as well as academic needs for her students. As a guest paraeducator Kyla wore many hats! She worked 1-on-1 with some very challenging students, worked closely with small groups, monitored recess and assisted teachers in the classroom during whole group instruction. Kyla was a long-term para sub for the last 4 months of the school year. I was able to work side-by-side with her as she supported students on my caseload. She had great communication with me and other teachers about how students were doing, she helped with progress monitoring and asked questions as needed.

Kyla is kind, caring, creative and easy to work with. She has a passion for working with children and helping them feel happy and successful in all aspects of life. Over the last 4 years she has worked in a variety of roles in the school setting giving her a broad picture of what a career in education can entail. I have no doubt that Kyla will do well in the Masters in Teaching program and become a wonderful educator.

Sincerely,

Andrea Mikita
