Dear Evergreen State College,

June 21st, 2022

I am writing this letter on behalf of Madeleine Woodward. I work with Madeleine on a daily basis at Northwest Montessori School. Madeleine is one of the assistants in my primary age classroom. And I am the lead teacher. She works closely with students ages 3-6 years old. Madeleine is a hard worker and very organized. She has a multitude of tasks within our classroom environment. She prepares projects for our students such as arts and crafts and teaching aids and materials that myself and the students need to complete our work. She has great attention to detail and completes things within a timely manner. She is able to explain herself well when she has a question about something. I have asked her to write all school emails and correspondences to our parent community and I can trust that she will be thorough and clear in these communications.

In the Montessori classroom there is a high level of professionalism and expectation that the children are as independent as possible. The assistant has to develop an astute sense of judgment as to when to intervene in situations and how to help a child but not do things for them. Over the past year this sense of judgment is improving and growing. We work with the children on conflict resolution and Madeleine does this aspect of our work well. She moves carefully and with grace and accuracy. I have enjoyed working with Madeleine over the past two years. I highly recommend her for the Evergreen State College teaching program and I know she works hard at completing her goals. Please reach out to me if you have any further questions.

Sincerely,

Heather Thorslund
