To Whom It May Concern

RE: Allyson Barnes Recommendation

I have known Allyson since 2021 when she worked in my classroom as a special education assistant. During the time that Allyson worked in my classroom she always was kind, patient and helpful. She always worked well with both students and other staff members.

Allyson would teach small groups of students and support individual students in their general education classrooms. One example I can think of is when Allyson helped support a first grade student with their behavior. She offered the student a break both with a visual and a verbal prompt. She went on a walk with the student for a short break. Then she gave the student two choices: To complete their work in the general education classroom or to complete their work in the special education classroom. The student felt supported and was successful in completing their work in the general education classroom. Allyson's patients helped the student be successful.

Allyson would be an asset to your MiT program. Please contact me with any questions.
