To Whom It May Concern:

It is my pleasure to recommend Brittany Grabianowski as an exceptional candidate for the Masters in Teaching program at The Evergreen State College. Brittany was a student in my Algebraic Thinking, Precalculus I and Precalculus II classes at The Evergreen State College during the 2022-2023 academic year. Brittany consistently demonstrated a high level of commitment and professionalism in their work as a student. Brittany was intelligent and knowledgeable and easily communicated that knowledge to others. Brittany worked very well with a diverse group of students. Brittany consistently demonstrated the ability to learn math concepts and apply them to a variety of new situations and problems. Brittany's strength in mathematics and ability to communicate with students from different backgrounds and ability levels resulted in an invitation to work as a peer math tutor in the QuaSR Center.

Brittany was a delightful and fully engaged student. Brittany was conscientious, responsible, and very easy to get along with. Brittany took responsibility for their work, asked for help when needed, and contributed to the class and group work in insightful and positive ways. Brittany is an excellent student, in every sense of the word. Brittany is a credit to Evergreen and will be a credit to the MiT program.

Please feel free to contact me if you have any further questions.

Sincerely,

**Vauhn E. Foster-Grahler**
