Prompt Responses

Responses to admissions prompts A, B, C and D should be between 300-500 words . Copy and paste your response in the corresponding field below. We've provided the questions again for reference.

If you add your answers as separate attachments , please clearly identify the prompt with the headings: Prompt A, Prompt B, Prompt C, Prompt D along with your full name. In each required field below type "Response attached" .

Prompt A : Look over what [area you intend to teach](#) and indicate how your course work has prepared you to teach in this area. This should match the endorsement area you indicate in your application. Name your strengths in preparation, areas needing growth, and plans for next steps.

* Prompt A Response

I intend to teach English at the middle school and high school levels of education. I am very prolific with my writing style, I am very well versed in analyzing and understanding pieces of literature, and I am a very creative thinker as I am a very out-of-the-box thinker.

Prompt B: Look over what [area you intend to teach](#) and indicate how your life experience has prepared you to teach in this area. This should match the endorsement area you indicate in your application. Name your strengths in preparation, areas needing growth, and plans for next steps.

* Prompt B Response

I have been very involved in the world of education ever since my mother introduced me to volunteer for her after-school care work in Mercer Island. I am a very capable and empathetic person, as I am willing to be understanding with my fellow students and willing to talk to them one on one on any issues they may face. I also love integrating games into my activities in my teaching, as I believe using games is a great way to help teach kids how to learn topics in school.

Prompt C : Education is both a social good and structurally unjust. Explain your understanding of this contradiction and ways it can be addressed.

* Prompt C Response

There's certain aspects in the education system that we can help benefit our students from with our support system, but the system can also put our students down and can demotivate them to not lead a successful life. Things like struggling in a certain subject, or getting in trouble due to certain issues that they cannot seem to control, many of these things can shake the foundations of different students in school in many ways.

Prompt D : How has your time working with youth informed your decision to become a teacher?

* Prompt D Response

As I've worked with children for over 6 years at this point, I knew that I really wanted to help as many students out as possible and help them succeed in their fields of education. As an autistic person myself, I want to make sure that students don't feel too stressed out about their struggles in a classroom environment too much and they can move at their own productive pace.
