## Skills

I am a college graduate with a BA in History and a Minor in anthropology. During my time in college I engaged in hands-on fieldwork interacting with Eastern Kentucky locals, I participated in group projects, I completed independent research, and I traveled to South America as part of a study abroad program. From these experiences, I developed skills in teamwork, time management, organization, communication, leadership, and critical thinking.

I have over a decade of experience with research and writing. I am proficient in the use of Microsoft Office (including PowerPoint), Adobe Tools, and various web-browsers and search engines. I am a fast reader with good comprehension who can quickly spot trends in data.

I have lived in Thurston County for nearly three years, and have developed a deep bond with the people and city of Olympia. I prioritize the needs of my neighbors and community, and desire to become a teacher so that I can utilize my skills in a way that benefits young Olympians.

## Education

AUGUST 2014 - MAY 2019

**Eastern Kentucky University. Richmond, Kentucky**

Between August of 2014 and May of 2019, I studied at Eastern Kentucky University, pursuing a Baccalaureate in History with a Minor in Anthropology. I was an Honors Scholar and graduated Summa Cum Laude. My final GPA was a 3.93.

SUMMER 2016

**Western Kentucky University. Bowling Green, Kentucky**

During my studies at ECU, I applied and was accepted into the KIIS Peru study abroad program, hosted by Western Kentucky University. As part of that program, I traveled to Peru during the Summer of 2016 and studied Cultural Anthropology and Archeology. My final GPA from these courses was a 4.0.
