To Whom it May Concern,

I am writing this letter of recommendation on behalf of Lisa Bloom. I hired Lisa in the Spring of 2022 as our part-time Science Specials teacher for our elementary program at Tucker Maxon School. She taught a once a week class to each of our K-5 elementary classes.

Lisa is a hard worker, who is always changing and adapting her teaching to reach all of her students. She has a natural gift for working with children. She is patient, friendly, caring, and her excitement for science got the students excited and engaged. She is empathetic, assertive, sets great boundaries, and has high expectations for her students. Her love of teaching shows in everything she does. She is self-motivated and works great with her co-teachers and maintains great relationships with her students.

Lisa is very thoughtful about her lesson planning and is always professional with staff, students, and families. She takes direction well and will always ask for advice when she is unsure about something.

I highly recommend Lisa for the teacher program at your school. I encouraged her on several occasions to become a certified teacher. You will not be disappointed. Please let me know if you have any questions.

Jennifer Carver, M.Ed.
