RE: Application to Master in Teaching Program, The Evergreen State College

Dear Graduate Admissions Committee:

I am writing this letter in recommendation of Aniya Cook for admission to the Master of Teaching program at The Evergreen State College. I had the pleasure of working with Aniya in *A Place in the Past: Reading and Writing Historical Fiction* program during the fall quarter of 2023 where she earned full credit. Aniya is also a current student in *Forward, Freedom, Formation: The U.S. Civil War in American Memory*, a literature and history sixteen-credit program.

Success, in my programs, necessitates students being self-motivated, organized, and open to discovery. I have witnessed Aniya demonstrate these skills while progressively strengthening her student performance and academic work. She shows good engagement, works well with peers, and submits assignments on time.

I believe Aniya has the potential to be a successful graduate student in your program.

Sincerely,

Kris Coffey, Ph.D.  
Member of the Faculty in Writing & Literature
