

# Hours Log Sheet

**Applicant Name:** Corey Pigott

**School:** Academy of Urban Planning & Engineering, New York City Public Schools

**Subjects & Grade Levels:** 10th grade History, 12th grade Economics

**Supervisor at School Site:** Michael Schulman

I taught full time as a long-term substitute at the Academy of Urban Planning & Engineering (AUPE) from September of 2023 to June of 2024. From September to December I taught 10th grade World History, from January to February I taught 10th grade Career Skills and Health, from February to June I taught 12th Grade Economics.

Teaching these classes included preparation for each lesson as well as reviewing and assessing student work. On a weekly basis I met with co-teachers to review student progress, review and amend lesson plans, and ensure each class was progressing at a similar rate. Roughly once a month I attended department wide professional development meetings.

Hours Logged at AUPE: 1,330

Hours Planning: 95

Hours Assessing Work: 76

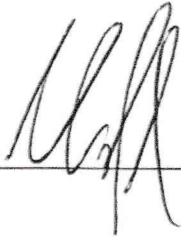

Hours in Professional Development: 5

*All times are estimated*

Given the comprehensive nature of this work, the time elapsed since it was performed and that the extent goes well beyond the minimum requirement of 40 hours, I am submitting this notice instead of the itemized log sheet. It has been signed by myself and my supervisor at the time, the Assistant Principal of AUPE, Michael Schulman.
