To Whom It May Concern,

I am pleased to write this letter of recommendation for Corey Pigott, who served as a substitute teacher at the Academy of Urban Planning & Engineering, covering Global 10 during the first semester and Economics during the second semester. As his direct supervisor, I had the opportunity to observe his dedication, reliability, and exceptional work ethic firsthand.

From the moment Corey joined our staff, he acclimated seamlessly into our school community. Students responded incredibly well to his teaching style, and he quickly became a trusted and respected presence in the classroom. He not only fulfilled his responsibilities but consistently went above and beyond expectations, particularly when it came to ensuring student success. His diligence in grading and providing thoughtful feedback demonstrated his genuine investment in student learning.

Corey's commitment to professional growth was also evident in his voluntary participation in teacher workshops—something he was not required to do but chose to attend to refine his teaching skills. This initiative speaks volumes about his dedication to education and his willingness to improve for the benefit of his students.

His reliability and strong work ethic made him an invaluable asset to our school, and I have no doubt that he will bring the same level of dedication and enthusiasm to any future teaching position. I wholeheartedly recommend Corey Pigott and believe he would be a tremendous addition to any educational institution.

If you have any questions, please feel free to contact me at mschulman3@schools.nyc.gov.

Sincerely,
Michael Schulman
Assistant Principal
