Grade Point Average (GPA)
The GPA is the quotient obtained by dividing the number of grade points earned by the number of hours attempted. University of Kansas Academic policy states that the GPA may be computed for

an entire academic record or for any segment thereof. GPA's reflected on this official transcript are segmented according to the specified student career.

Student Career designates the type of credit awarded and is assigned on the basis of the student's academic status and level of coursework. A complete program list can be found at registrar.ku.edu/transcript-key

A program is the school in which the student is pursuing a degree. Programs are listed on our website at registrar.ku.edu/transcript-key

A plan is equivalent to a major, and a **sub plan** is a concentrated study of the plan.

Transfer Work: Transfer credit hours are added to the "earned" hours of the first effective semester. If the transfer work was completed prior to entry at the University of Kansas, it will be reflected during the first in-residence semester. University of Kansas transcripts will reflect only hours accepted from other institutions. Semesters, courses, GPA, and grades from other institutions will not appear on the official University of Kansas transcripts.

Test Credits: Test credits are awarded when a student chooses to test out of a given course by taking a proficiency exam. Test credits do not count toward resident credit.

Repeated Courses: If the repeated courses were taken prior to Fall 2001, both courses count toward the GPA. If the courses were taken Fall 2001 and after, and meet policy requirements, the lower grade will not be included in the calculation of the GPA. (registrar.ku.edu/transcript-key)

Distinction and Highest Distinction are scholastic honors awarded at the time of graduation by the student's college or school. No more than 10% of the class may receive such honors.

Earned Hours: The earned hours column refers to hours earned towards a degree. If a student record reflects zero in this column, it is due to one of the following situations: (1) Course was taken as a non-degree seeking student. The course was completed and the hours were earned but are not to be used for a degree at the University of Kansas, (2) Course was repeated and special exception has not been given to count the course toward the degree, (3) Course was taken through University of Kansas Continuing Education and therefore does not affect the overall KU GPA, (4) Course was an undergraduate level course taken by a graduate student and exception has not been granted to count the hours toward the undergraduate program of study. Note: The University of Kansas does not include earned transfer hours in the cumulative earned hours for eligibility for graduation and total hours; the transfer hours earned and KU hours earned could be combined.

Grades and grading scale are indicated below:

Negative grade points are assessed only once for the same course, and are not removed when a passing grade is earned unless the repeat policy applies. A grade-point deficiency exists when the sum of grade points is less than the sum of hours from which they are computed.
