EXPERIENCE HIGHLIGHTS

Beaverton School District, Beaverton, OR— Technology Teacher

SEPTEMBER 2023 - PRESENT

Using a curriculum outlined by the district, I plan lessons and teach students grade K-5 the basics of engineering, simple machines, computer science, typing, media literacy, and how to use the internet safely and productively

Apical Crop Science, Canby, OR— Web Developer

MARCH 2022 - SEPTEMBER 2023

Tasked with redesigning existing site layout and creating a new section of company website to allow users to dynamically create maps with various data visualizations that show critical data for farmers

David Douglas School District, Portland, OR— IT Support/Technology Teacher

AUGUST 2021 - MAY 2022

Provided direct IT support to hundreds of often-mistreated computers. Taught technology skills and introductory programming.

PDX Code Guild, Portland, OR— Teaching Assistant

OCTOBER 2020 - AUGUST 2021

Coached students through complex material and assisted them in debugging their code, ultimately assisting them in the development of full stack capstone projects.

US Peace Corps, Kolda, Senegal— Sustainable Agriculture Extension Agent

AUGUST 2015 - AUGUST 2016

Taught sustainable agriculture techniques developed by Senegalese experts to local farmers in their native language. Learned Fulakunda and lived with the local population to better understand their needs

EDUCATION
