Experience

March 2023- Present

Northwest Museum of Arts and Culture – *Museum Educator, Youth Educator Lead*

- Scheduled and planned field trips to the museum; coordinating as many as 4000 students in 3 months.
- Offered 4 guided tours of exhibits and historic Campbell House per day.
- Contracted teaching artists for summer camps and events, providing support as needed.
- Created gallery guides for field trips and teacher resources for state standards met by exhibits.
- Supported training for youth education staff and volunteers.
- Supervised a team of 5 youth educators during the blockbuster Minecraft exhibit.
- Created field trip and summer camp web sales through CRM software Versai.
- Conducted necessary research to educate visitors on a rotation of 5 galleries that changed exhibits every 3-12 months.

June 2022 - December 2022

Washington State Parks & Recreation, Mount St. Helens Visitor Center – *Parks Interpretive Assistant*

- Developed and presented family-friendly guided tours, campfire programs, and roving programs with natural and cultural history of the local area.
- Staffed information desk whenever needed with maps, area information, hiking information, weather conditions, and educational materials.
- Assisted in the research and development of new or renovated interpretive material, exhibits, and programs.
- Performed grounds maintenance work such as cutting grass, weeding flower beds, pruning shrubs, raking leaves, and picking up litter.

August 2021 - October 2021

Appalachian Mountain Club, Lonesome Lake Hut – *Interpretive Naturalist*

- Offering an evening program on White Mountain logging history or bog ecology.
- Developed and maintained program materials and daily records of program offerings.
- Collected phenological data on local plant species twice per week.
- Handled transactions of retail items and backcountry supplies.

Education
