CREDIT EQUIVALENT COURSES

Credit equivalent courses are non-credit developmental courses with the earned grade preceded by the letter "Q". Grades for these courses are calculated in the term grade point average only and are not included in the cumulative grade point average.

HONORS COURSES

Honors courses are identified by an "H" following the course number.

REPEATED COURSES

Students may repeat any course regardless of the grade first received. Only the highest grade will count in the average, regardless of the number of times the course has been taken. The recalculation of the grade point average occurs automatically after grades are posted to the transcript at the close of each semester. Courses completed at another institution will not be applicable for such a grade point average calculation. Credit by examination may be used in lieu of repeating a course provided the repeat is due to a failure in the course. *Repeated courses are indicated with an "R" following the Semester Hours Attempted.*
