Dear Colin,

I regret to inform you that the Graduate Program on the Environment Admissions Committee is unable to offer you admission to the Fall 2023 cohort of the Master of Environmental Studies degree.

The Admissions Committee members were impressed by some aspects of your application and the enthusiastic support in your letters of recommendation. However, we also had some concerns about your academic readiness based on your overall transcript and the quality of some written submissions that were part of the application.

If you would like to discuss ways to improve your application for the following year, I would be happy to meet and suggest strategies for improving your application. I would also be happy to discuss alternative routes for preparing yourself to enter the environmental field. Please call or email me if you would like to meet.

We appreciate your interest in the program and wish you the best of luck in your future ventures.

Sincerely,

Kevin Francis

Kevin Francis, Ph.D.
