VISITORS ONLY

NOTES FOR VISITORS

Offenders and Visitors will only be allowed to review the Visitation Photos once prior to printing.

You may only request one photo during your photo session.

Photo Review Instructions

The photograph reviewer will review the photograph for proper identification. The reviewer will determine if the photograph is appropriate for use in the visitation photo session. The photograph will only be used if the reviewer determines it is appropriate for use in the visitation photo session. The photograph will only be used if the reviewer determines it is appropriate for use in the visitation photo session.
