Dear Justin,

Congratulations! This letter is to confirm your acceptance as a 2010-2011 Sara Bilezekian Fellow. You had originally applied for a Cargill Sustainability Fellowship, and for this round, we are funding one of the awards through the Sara Bilezekian fund—the expectations will be exactly the same as the Cargill Fellowship. Please review the position responsibilities, next steps, and conditions below, and then indicate your formal acceptance of this position under the terms specified by signing below. Return this original letter to the MES Assistant Director as soon as possible. Please keep a copy for your records.

Internship responsibility: To complete a project (in this case, a TESC Campus Food Guide) that contributes to your academic learning while furthering the sustainability goals of The Evergreen State College and our local communities.

Your final deliverables are:

1. A field supervisor's report affirming satisfactory accomplishment of your project.
2. A poster explaining your work, accomplishments, and information learned.
3. A 20 – 30 minute project presentation or training for the college's Sustainability Council.

Next Steps: You will need to define the following details for your internship contract in my.evergreen.edu (please ask Gail Wootan if you need assistance):

- Your learning objectives and evaluation criteria
- Your faculty sponsor
- Your field supervisor, a person able and willing to evaluate the work you are performing
- The quarter you will work on your project

Fellowship Award: The Sara Bilezekian Fellowship award is \$4000, payable at the beginning of the quarter in which you perform your work.

We are pleased to be able to support your commitment to environmental studies and sustainability at Evergreen, and we look forward to working with you.

Sincerely,

Martha Henderson
Master of Environmental Studies Director
