

Earth Tub Coordinator (2-3 positions)

Position: Earth Tub Coordinator

Hours: 10-15 hours per week (2-3 hpd)

Duration: 3-12 months (Summer 2014 to Summer 2015)

Location: Knox and School Sites

Responsible to: Resource Conservation Manager

Application Deadline: May 30, 2014 (reviewed as submitted)

Job Purpose Statement: The primary responsibilities of the Earth Tub Coordinator involves the daily/weekly maintenance and operation of the district's 3 Earth Tub systems (training provided), as well as the provision of organics recycling education and classroom outreach to schools utilizing Earth Tub systems.

Qualifications (required):

- A current undergraduate or graduate student
- Knowledge of and/or experience with food-recycling programs and composting
- A minimum of one-year working with youth
- Ability to teach, lead discussions, and manage group dynamics
- Ability to lift waste containers/bags for measurement and placement in Earth Tub
- Knowledge of Microsoft Word, Excel, and PowerPoint

This position qualifies for a 2 credit Internship or Individual Learning Contract.

A stipend may be available, and mileage for traveling between sites will be reimbursed.

To apply, please submit a cover letter and résumé via email to:
