Graduate Program on the Environment

2700 Evergreen Parkway NW

Olympia WA 98505

MES Master of Environmental Studies

- **Evening classes.**
- **Full-time (2 years) or part-time (3 years).**
- **We consider all majors.**
- **Scholarships & tuition waivers available.**

Students in Evergreen's Graduate Program on the Environment earn a Master of Environmental Studies (MES) degree by using natural and social sciences to study environmental problems through interdisciplinary core courses, electives, internships, independent study, and a thesis of their own design.
