Dear Abdulrahman,

**Congratulations!** It is my pleasure to offer you conditional admission to The Evergreen State College for Fall 2015 to pursue a Bachelor of Arts degree and complete Evergreen's Academic Pathway in the Field of Study Business, Management and Entrepreneurship. Let me be the first to welcome you to the Evergreen community.

As a member of our community you will join others who are dedicated to our teaching and learning environment. You will refine your ability to bring together ideas and concepts from many subject areas, and to collaborate with your peers. Your experiences in recognizing and valuing diverse opinions and cultures will be applied in the classroom as you build bridges, make critical connections and pursue your passion. At Evergreen, you are invited to become a vital participant in shaping your undergraduate education with the encouragement of academic advisors, career development specialists, faculty members and your fellow students.

Please note that this offer of admission is still dependent on the following points:

- Successful completion of the program at EF International Language Schools at Level B-2 or higher.
- A completed Evergreen Application for Admission (included in this packet; application fee waived).
- Successful completion of any academic work currently in progress.
- Proof of financial abilities to pay for one academic year tuition and fees/or a Financial Guarantee letter from your sponsor

I urge you to carefully review the enclosed Application for Admission and return it to us. I have also enclosed an Academic Viewbook and hope you find it to be a useful introduction to Evergreen.

The staff and faculty at Evergreen are here to make you feel welcome and to smooth your transition to this college. I encourage you to contact Admissions ([admissions@evergreen.edu](mailto:admissions@evergreen.edu)) if you have any questions. I am looking forward to having you join the Evergreen community. Welcome to Evergreen!

Sincerely,

Clarisse Leong  
Interim Director of Admissions
