1	I had a great experience. I was lucky enough to be group with some wonderful, honest, intellectual students. My rating was based on my group assignment and the fact I also was fortunate enough to be tied to an agency that really valued students and truly wanted and needed help with a major project. From what I understand, not all groups experienced this opportunity in the same way. Some groups had lots of conflict, while others dealt with an uninterested employer. My ratings are based on both my group dynamics and the fact I was lucky enough to be paired with a state agency that solicited input from students. My rating would definitely be different than the one above if that hadn't happened. I will say that Dr. Gould was an outstanding educator in this class. She brings a wealth of work and personal experiences to her lectures. I learned a great deal from this class. She shares the kind of experiences that you could never, never learn from a text, and for that, I am truly grateful.	Jul 16, 2013 9:23 AM
