THE EVERGREEN STATE COLLEGE

GRADUATE STUDIES

SCHOLARSHIPS AND FINANCIAL ASSISTANCE AWARDS 2007-2008

MASTER OF ENVIRONMENTAL STUDY

MASTER IN TEACHING

MASTER OF PUBLIC ADMINISTRATION

The Evergreen State College
Graduate Support Services
Lab I, Room 3019
Olympia, WA 98505

The Graduate Studies Support Services Office makes available fellowships, graduate assistantships and other aid to persons admitted to one of the graduate programs: Master of Environmental Study (MES), Master in Teaching (MIT), or Master of Public Administration (MPA). This packet describes financial aid opportunities available for the 2007-08 academic year. The programs make a strong effort to award aid to as many students as possible, contingent upon the availability of funds. These awards are provided **in addition** to other "need-based" financial aid offered through The Evergreen State College Financial Aid Office (Library 1218, 360-867-6205).

Financial Aid Awards Application Process

- ❑ Complete the 2007-08 Free Application for Federal Student Aid (FAFSA). Submit it to the processor as directed on the form;
- ❑ Complete the Evergreen Financial Aid Data Sheet. Submit to Evergreen's Financial Aid Office (Library 1218);
- ❑ Complete the Evergreen Application Form for Financial Aid for Graduate Students and submit it to the Graduate Studies Support Services Office (Lab I, Room 3019)
- ❑ Prepare the materials required for the specific awards for which you are applying—letter(s) of intent addressing the criteria of the awards, resume, letters of recommendation, etc. See the individual award descriptions for details. Submit these to the Graduate Studies Support Services Office.

A printed copy of the FAFSA can be obtained from our Financial Aid Office by calling 360-867-6205. It can also be completed online at <http://www.fafsa.ed.gov/> beginning January 1, 2007.

The Financial Aid Data Sheet is available from our Financial Aid Office, or online at <http://www.evergreen.edu/financialaid/>.

"Financial need" is determined by Evergreen's Financial Aid Office after receipt and processing of the FAFSA. We cannot consider you in our award process until this information is on file. **Because funds are limited, it is suggested that you submit your FAFSA to the processor and the Financial Aid Data Sheet to the Office of Financial Aid as early as possible after January 1, 2007.**

For priority consideration, we need to have all of your financial aid application materials on file by our financial aid priority deadline. This means that your FAFSA should be submitted in time to be processed and your Student Aid Report sent to our Financial Aid Office (see the FAFSA instructions for information on processing time); your Evergreen Financial Aid Data Sheet must be on file in our Financial Aid Office; and Application Form for Financial Aid for Graduate Students, and all the accompanying materials, must be on file with the Graduate Studies Support Services Office. **This priority deadline for MES is March 15; for MIT and MPA, it is May 1. For MPA and MIT students, the deadline to apply for the TESC Alumni Association Graduate Scholarship is April 16.**

Awards applications may be submitted after these dates, but the funds available may be limited.

*****IMPORTANT*****

Applicants must submit all required materials for each scholarship and award. We recommend submitting all these materials together to be sure that your application(s) are complete, as we are not always able to immediately acknowledge their receipt.

To be eligible for a scholarship or tuition award, you must be offered admission to the college or be currently enrolled. Therefore, it is critical that new students complete the application for admission as early as possible.

Tuition and fees for 2007-2008 are subject to change by the Washington State Legislature.

Notification of awards begins after April 1 for MES, and June 1 for MIT and MPA, and continues through September 1.

If you have questions about the admission process, please contact the pertinent graduate program directly.
